Name:	Grace	Project Group (Name/Number): Full-stack1 - Group 1

Week:	Date:	Activity/Task:	Time spent on Activity:	Team Members Involved (if applicable)	Completed?	Notes:
2	31/7/23	Missed meeting, others active and sent a summary into group Slack channel.				
2	31/7/23	Had some time in lesson to talk about project, mostly finalised finer details of our recipe website idea.	20 mins	All	Yes	
2	1/8/23	Same as above	20 mins	All	Yes	
2	2/8/23	Created group whiteboard during lesson.	30 mins	All	Yes	
2	3/8/23	Learned about wire frames during lesson, split into project groups to work on an unrelated wire frame. Decided we would make individual wire frames to discuss in Monday's meeting.	30 mins	All	Yes	
3	7/8/23	Created individual wire frame, not happy with the way it turned out, need to research more	120 mins	GH	Yes	Mockflow
3	7/8/23	5pm meeting with 5/6 members to discuss individual wire frames made, splitting up tasks, discussing various issues we may run into.	90 mins	GH, BS, GE, AO, SK	Yes	See 'Homework 2 Task' file in Slad bookmarks for individual jobs
3	9/8/23	Spent some time researching various ways to create a spinning wheel.	60 mins	GH	Yes	Comments on Jira
4	19/8/23	Wrote rudimentary code for spinning wheel. Functional, works in browser.	30 mins	GH	Yes	Forgot to upload to GitHub.
5	21/8/23	Padded out spinning wheel code, added arrow and colour scheme. Researching ways to make the program recognise and alert the segment that was landed on.	120 mins	GH	Yes	GitHub
5	22/8/23	Added a pop up to show when the wheel stops spinning	120 mins	GH	Yes	
5	23/8/23	Started working on About Us page (starting in React)	90 mins	GH	Yes	
5	23/8/23	Meeting to discuss debugging and other merging business	60 mins	GH,GE,BS	Yes	
5	24/8/23	Started working on converting wheel app to React. Having trouble.	180 mins	GH	Yes	
5	25/8/23	Dispersed HTML components over more jsx files, couple of bugs on the live page.	90 mins	GH	Yes	
5	26/8/23	Finished converting wheel to React, fully functional	100 mins	GH	Yes	
5	27/8/23	Full day spent merging wheel and about us pages to main, issues with wheel not showing up on main page, may have to do wheel separately. Team call in the final hours. Most of the website works great.	7 hours	GH, AOL, BS, GE, SK	Yes	

	Total time:		

Name:		Project Group (Name/Number): Full-stack1 - Group 1										
This activity log	is for you to docu	ment your individual contributions and ideas you have done towards your final group project	ct. This will be subm	nitted to your instructors	along with your p	project code. You can document how						
many r	minutés you spent	working on your code, when you had team meetings outside of the class sessions, or use	this as a way to tak	ke notes for your own vi	ewing. This is to b	be completed individually.						
Week:	Date:	Activity/Task:	Time spent on	Team Members	Completed?	Notes:						
		-	Activity:	Involved (if								
				applicable)								
		Spoke with the group outside of the session to discuss our ideas. Ideas to use for the										
7	16/8/2022	project are gym membership database	30 minutes	Yes	Yes	EXAMPLE						
		Had a group meeting to decide ideas on what we wanted to create and how we are										
		going to complete this. What people's previouse experience is etc. added everyone on				https://us04web.zoom. us/wb/doc/CPmMjt6HRpqcWXEsVd						
2	31/07/2023	github with a rpoject page. made sure everyone knew how to use it. Practiced creating branches, creating pull requests and dealing with merges and conflicts in Github.	80 minutes	AOL, BS, GE	yes	us/wb/doc/CPmMjt6HRpqcWXEsVd zVag/p/145131555782656						
_	01/01/2020	branches, creating pain requests and dealing with merges and committee in citizen.	00 111111010	7102, 20, 02	,00	2.109.0						
	03/08/33	I missed group discussion of project as had to leave lecture early. Caught up looking at group whiteboard, reviewed CFG guidance about project.	20 min	AOL (others active in lecture)	Yes							
	02/00/20	group winterboard, reviewed or a guidance about project.	20 111111	icciarc)	103							
		Used group dicsussion time to discuss project and a more detailed SWOT analysis. Key										
		issues are generally as a group feeling less confident about APIs and how to use them										
		with react. Also limited time (one week in and we have not coded anything yet). Agreed additional meeting on Monday at 5pm (all members confirmed that they can attend) and										
		noted the key actions we would take over the weekend. Set up zoom link for meeting		101 00 05 01/ 011								
	03/08/23	and posted on Slack with these details and links to the videos we had found to address our weaknesses.	25 min	AOL BS GE SK GH SJ	yes							
					•							
3	7/8/23	Created individual wire frame using draw.io to feed into group discussion	120 mins	AOL	Yes							
3	7/8/23	5pm meeting with 5/6 members to discuss individual wire frames made, splitting up tasks, discussing various issues we may run into.	90 mins	GH, BS, GE, AOL, SK	Yes							
		•										
		Followed Figma tutorial to learn tool. Then consolidated group ideas into a full Figma										
		wireframe with colour pallete as determined by group discussion on slack. Shared Figma										
	8/8/23	link with group on 9/8/23	300 mins	AOL	yes							
	9/8/23	Wrote the team homework submision (google doc) - gathered feedback from other team members and when approved submitted to github (10/08/23)	120mins	AOL	Yes							
		, , ,										
	18/08/23	Recipe results page - jsx and css code (pushed first draft to github on 19/08/23)	300 mins	AOL	WIP	Structured to be adapted to get data fro	m global store. Stylii	ng of images and te	xt complete image	has onClick function	on which can be mo	dified in future.
	19/08/23	Redux - store, reducers and slices for project	60 min	AOL	WIP							
		Team meeting with BS, GE, SK to discuss progress to date, issues with linking HTML to										
	21/08/23	React with world map and recipe card. Discussed conflicts between AOL branch and Main and resolved.	45 mins	AOL								
		Interaction with team on discord throughout this week - responding to issues raised by										
	22/08/23 to	other team members researching potential solutions. Identified issues with code										
	25/08/23	compatability and discussed potential solutions.	120 mins	AOL								
		Final issues being resolved, user testing on local host. Writing project report. Discord		GH, AOL, BS, GE,								
5	27/8/23	chat and team call in the final hours. Most of the website works great.	4 hours	SK	Yes

eek:	Date:	Activity/Task:	Time spent on	Team Members	Completed?	Notes:
7	16/8/2022	Spoke with the group outside of the session to discuss our ideas. Ideas to use for the	30 minutes	Yes	Yes	EXAMPLE
2	31/07/2023	Had a group meeting to decide ideas on what we wanted to create and how we are going to complete this. What people's previouse experience is etc. added everyone on github with a rpoject page. made sure everyone knew how to use it. Practiced creating branches, creating pull requests and dealing with merges and conflicts in Github.	80 minutes	AO, BS, GE	yes	https://us04web.zoom. us/wb/doc/CPmMjt6HRpqcWXEs\zVag/p/145131555782656
2	06/08/2023	Worked on the world map and index page. Worked out how to add the hyperlinks to certain parts and also how to make some parts not have the hyperlink. Worked on creating a name for the website.	270 minutes	GE	No	
3		Group meeting - Discussed what we wanted the website to look like, tasks that people will do, looked at what we wanted from the website.				
	21/8/2023	Group meeting to discuss progress and action plan for the project	45 mins	BS, SK, AOL, GE		
	23/08/2023	group meeting to debug and discuss webpage and progress	60 mins	BS, GH, GE	yes	
	22/08/2023	Worked on Continent pages and trying to get a map to work.	180 mins	ge	no	Continent pages complete, map i
		Created Continents pages, got majority completed. Worked on creating map	300 mins	ge	no	map work and 3 more pages to
	18/08/2023	Worked on the App.is. Created all the Links to the various pages, worked on map	180 mins	ge	yes	map work continued
	19/08/2023	Worked on making the map on React. learning how to create SVG's.	360 mins	ge	no	Can't get to work on React, will
	23/08/2023	Moved to working on HTML map, linked to React app!!	45 mins	ge	yes	
	24/08/2023	moved back to react based map, got a map working but couldn't link to regions or show	120 mins	ge	no	found a map that could be made
	25/08/2023	Found another map, was able to split between regions based on country names	120 mins	ge	yes	
	26/08/2023	added a link to the map, it takes the user to the recipe search rather than individual	120 mins	ge	yes	
	27/8/2023	finalising details, working on docs. Debugging pages and components	240 mins	ge

/eek:	Date:	Activity/Task:	Time spent on Activity:	Team Members Involved (if applicable)	Completed?	Notes:
2	31/7/2021	We held a group meeting to decide on project ideas and how to proceed. BS vcreated a GitHub repository and worked together to made sure everyone knew how to use it. We practiced creating branches, pull requests, and resolving conflicts on GitHub.	90 minutes	AO, GE, BS	Υ	https://us04web.zoom. us/wb/doc/CPmMjt6HRpqcWXEs\zVaq/p/145131555782656
2		Had some time in lesson to talk about project	20 mins	All	Υ	
3	2/8/23	Used a whiteboard to plan our group ideas	30 mins	All	Υ	
3	3/8/23	Had time during group session to work on wireframe and created ideas. Discussed project and issues that could come up. Set up our next meeting and action points for the next session	25 min	AO BS GE SK GH SJ	Υ	
2	6/0/22	Created individual wire frame and wesbite design using canva to present to group prior	100 mino	BS	Υ	
3		to homework submission 5pm meeting with 5/6 members to discuss individual wire frames made, splitting up tasks, discussing various issues we may run into.	100 mins 90 mins	GH, BS, GE, AO, SK	-	
		Added about me section to github for homework	25 mins	BS	Y	
4		Group metthing to discuss AO homework write up for submision (google doc) - After review I submitted to github (10/08/23)	20 mins	All	Y	
5		Created new repo using Edamam API to pull recipes	350 mins	BS	Υ	
5	21/08/23	contined working on project	100 mins	BS	Υ	
5		Team meeting to discuss progress to date, issues with linking HTML to React with world map and recipe card. Discussed conflicts & API pulling	45 mins	BS, GE, SK, AO	Υ	
5	23/08/23	Created a filter function pulling CuisineType data from api integrated into search bar	350 mins	BS	Υ	
5	23/08/23	BS & GE debugged main branch errors with props, jsx, styling. Cloned to a new branch "beth branch" as backup and to add my files	60mins	BS GE GH	Y	
5		Created new branch to solve API bug error code and add cuisinetype filter	400 mins	BS	Y	"error request failed with status
6	26/08/23	Struggled to link API to both pages. Had to rewrite code on both and use different api get methods to find corresponding api ID code to ingredients - lots of issues with react-router and API but managed to get it to work - could not store api lable to use to search so instead stored click/userchoice as its own const and then used this to get the uri of the image linked	700 mins	BS	Y	
6	27/08/23	Pushed my code to main and debugged app.js with GE - send the team my notes on api	150 mins			

	Total time:		

Name: Project Group (Name/Number): Full-stack1 - Group 1

Week:	Date:	Activity/Task:	Time spent on	Team Members	Completed?	Notes:
1	27/7/2023	Posted in slack for everyone to comment their top 3 ideas for the app	5 minutes	SK	Υ	
2	31/7/23	Had some time in lesson to talk about project	20 mins	All	Υ	
3	2/8/23	Used a whiteboard to plan our group ideas	30 mins	All	Υ	
3	3/8/23	Had time during group session to work on wireframe and created ideas. Discussed project and issues that could come up. Set up our next meeting and action points for the next session	25 min	AO BS GE SK GH SJ	Υ	
3	6/8/23	Created individual wesbite design using canva to present to group prior to homework submission - idea was that everyone did a design so we could get an idea of group vision	100 mins	BS	Υ	
3	7/8/23	5pm meeting with 5/6 members to discuss individual wire frames made, splitting up tasks, discussing various issues we may run into.	90 mins	GH, BS, GE, AO, SK	Υ	
	7/8/23	Added about me section to github for homework	25 mins	SK	Υ	
3	08/08/23	Shared reference to a colour palette on slack thread, asked for opinions. Group seemed happy to go with it	5 mins	SK	Y	
4	10/08/23	Group metthing to discuss AO homework write up for submision (google doc) - After review I submitted to github (10/08/23)	20 mins	All	Υ	
4	08/08/23	Created Jira account for the group and added the members of groups (requests sent to everyone I got an email address for). Assigned tasks on the board.	20 mins	SK	Υ	
4	08/08/23	API research found worldwide-recipes1 from rapid API and shared this in our group slack channel for discussion on suitability. Did various tests on this to view data available (shared screenshots of this data on 14th in slack)	120 mins	SK		
4	09/08/23	Navbar development - started doing this using html/js/css	90			
	12/08/23	Navbar development - converting into React. Had to start fresh to do this for it to flow well	180		Υ	
4	12/08/23	Various messages in discord asking if anyone needed help or to delegate me a task	n/a	SK		
5	21/08/23	Team meeting to discuss progress to date, issues with linking HTML to React with world map and recipe card. Discussed conflicts & API pulling	45 mins	BS, GE, SK, AO	WIP	
5	24/08/23	Sent group a pull request for the Navbar component before merging	5 mins	SK	Y	
5	24/08/23	Helped Georgia in converting interactive map from html into React using react-simple- maps. Got this started and send an update of a zoomable map with markers in discord- linked to the tutorial and map URL for the task to be completed.	240mins	SK	WIP	
5	27/08/23	Added test cases for different components	60 mins	SK
